Portfolio   :

PROFESSIONAL SUMMARY:

A third year IT student at the University Of Embu and also a student of the great computing environment we have in the modern day world. With skills in web development, data-driven decision support system, networking, project management and GitHub collaboration , I leverage data driven strategic decision-making to optimize performance and collaboration.

EXPERIENCE :

I have used my knowledge and skills in designing and creating various personal projects to try and solve modern day challenges.

Designed an online shopping system that runs and allows customers to checkout after payment.

Currently working on a another project that will focus with the mental health crisis in KENYA.

EDUCATIONAL BACKGROUND:

UNDER GRADUATE   :   UNIVERSITY OF EMBU

                                          BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY
